## Opener:

**Circle left.** It was good for me; It was good for you. Now nothing either of us can say or do **Left allemande your corner, dosado** your own, **left allemande** your corner **weave** that ring. I loved you then; I guess I'll love you forever. And even though I know we could never stay together I'll think of how it could have been if we could just start all over again!

## Figure (Once for heads, twice for sides):

**Heads (Sides) square thru four hands** and then. Find your corner lady **touch a quarter. Split circulate, single hinge, fan the top,** everybody do a **single hinge. Scoot back, boy run right, eight chain one, left allemande** your corner **swing** and **promenade.** No one will ever touch me that way; the way that you did that first day.

## Middle Break & Closer:

**Sides face grand square.** I'll never be the same without you here. I'll live alone and hide myself behind my tears. **Allemande left, weave** the ring. No, I'll never be the same without your love. I'll live alone and try so hard to rise above.

## Complete Lyrics:

It was good for me; it was good for you. Now nothing either of us can say or do  
Can change the way you feel tonight; sometimes love just slips out of sight  
Just one thing before you go, just one thing that you've got to know  
No one will ever touch me that way; the way that you did that very first day

## CHORUS:

And I'll never be the same without you here. I'll live alone; hide myself behind my tears  
And I'll never be the same without your love. I'll live alone; try so hard to rise above

The years go by; there's always someone new. To try and help me forget about you  
Time and again it does me no good, love never feels the way that it should  
I loved you then I guess I'll love you forever, and even though I know we could never stay together  
I think about how it could have been if we could just start all over again
